NANCY LEWIS CALLED THE MEETING TO ORDER AT 11:04 A.M.

PRESENT: Clif Warren, Colleen Culwell, David Sims, Gary Kunzeman, Nancy Lewis, Ron Smith, Shannon Pittman, Zale Palmer

Absent: Walt Kirby

MINUTES: Approve minutes of the June 18, 2020 regular meeting as corrected. Motion to Approve: Zale Palmer/ Ron Smith. All in favor. Approved

FINANCIAL REPORTS:

- A. Accept Financial Reports for June. The Finance Committee reviewed the financial reports. For the month of June we were over budget by around \$6,000, but year-to-date we are under budget by around \$89,000. Funding from the CARES Act has begun. June expenses include \$2,900 bill from the auditors to complete the 2018/2019 audit. COVID expenses are being run through the 5311 grant to preserve to CARES funds. We have around \$127,000 left on the current 5311 grant. Motion to accept financial reports: Clif Warren/ Zale Palmer. All in favor. Approved
- B. Approve payment of prepaid bills and outstanding bills.
 Motion to approve payment of prepaid bills and outstanding bills: Zale Palmer/ Clif Warren. All in favor.
 Approved

STAFF REPORTS:

Ridership: David Sims reported that the ridership for the fixed and demand routes have continued to increase. Quest is open and has started using the van pool again. The Boundary County ridership is still down, mainly due to their Senior Center still being closed and with no plans to open any time soon.

Operations: David Sims reported the driver staff is still okay, although concerned with the increases in reported cases. One driver is still out with a knee injury and currently no plans to return to work in the near future. Buses are still being cleaned and disinfected on a regular basis. Nightly disinfecting, driver areas cleaned between shifts, deep clean weekly. Para Transit drivers have been provided with face shields. ITD sent a number of KN95 masks that we are allowed to hand out to riders. We are going through around 20/day. The Food Bank federal declaration for services expires July 20th. ITD has requested an extension, but has received no response. We have been delivering around 200 boxes of food each week to as far as Priest River. The Food Bank in Bonners Ferry has no need for delivery assistance. The driving training started in July is about half way through. A bike rack has been installed on the Boundary County bus. The ITD drivers group started this week with 4 of our staff included in the group. Meetings are held each Monday via phone with Taylor at ITD. The group is discussing ideas for increasing ridership and developing preparedness for the next emergency. ITD will be reimbursing SPOT for up to 8 hours a week. David will check to see the last time Enterprise switched out our van. It should be every 12 months.

COMMITTEE REPORTS:

- **A.** Boundary County Service Development Committee: Nothing to report. Need to have increased ridership before any additional services can be considered.
- **B.** Finance Committee Update: Zale Palmer reported the committee met to discuss the financial reports. The budget for 2020/2021 that is being worked on will be updated to reflect the hazard pay, lost wages, and other COVID-related expenses, CARES funding, increased audit fees, and anticipated lower match receipts. The bus shelter grant has been extended to Sept. 2021. The employee handbook still needs to be revised, especially in regards to holiday pay and when SPOT recognizes holidays.

ACTION & DISCUSSION ITEMS:

- A. Action Item: Consider extending hazard pay using CARES Act funding. Discussion to extend the \$3/hour hazard pay for all drivers/maintenance/cleaning hours plus a 10% increase for office administration previously approved through July 31, 2020. There have been a number of new cases reported in the area. Motion to extend to September 30, 2020 the hazard pay previously authorized. Ron Smith/ Clif Warren. All in favor. Approved.
- B. Action Item: Approve Area Agency on Aging agreement for 20-21. The agreement runs July June and expired June 30, 2020. They are anticipating maximum funding of \$26,200 for 7/20-6/21. Since we invoice on a per ride basis, funding has been down as a reflection of the elderly ridership numbers.
 Motion to approve the Area Agency on Aging agreement for 20/21. Gary Kunzeman/ Ron Smith. All in favor. Approved.
- **C.** Action Item: Select ICRMP agent. Our current agent is no longer representing ICRMP. We have the option to bypass having an agent and dealing with ICRMP directly. We could save around 10% going direct. Our options for available agents are located in Coeur d'Alene and Bonners Ferry. According to David Sims, our past agent has not been very useful and would prefer using the agent in Bonners Ferry if we use one at all. Most interactions he has had with ICRMP have been direct. There was discussion about whether using an agent is beneficial. David to confirm whether we can elect to use an agent at a later date.

Motion to deal with ICRMP directly. Gary Kunzeman/ Clif Warren. All in favor. Approved.

COMMENTS FROM THE CHAIR AND BOARD MEMBERS: Nancy Lewis asked about the possibility to construct a shelter for our buses in the rear parking lot area. Or if the landlord would agree to build one for increased rent. Gary Kunzeman mentioned the slab for the bus stop at WalMart is getting close to being started. No update on the Home Depot site. Might need to consider moving that stop to in front of Fiesta Bonita as the owner of that business has already agreed to have the stop there. The bus route may need to be revised to avoid upcoming road work near the Ponderay City Hall.

Meeting adjourned 12:05 a.m.

AUDIT ENGAGEMENT LETTER

August 14, 2020

Board of Commissioners Selkirks-Pend Oreille Transit Authority 31656 Hwy 200 Box 8 Ponderay, ID 83852

Dear Board of Commissioners

We are pleased to confirm our understanding of the services we are to provide the Selkirks-Pend Oreille Transit Authority (SPOT) for the year ended September 30, 2020. We will audit the financial statements of the governmental activities and major fund, including the related notes to the financial statements, which collectively comprise the basic financial statements of SPOT, as of and for the year ended September 30, 2020. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement SPOT's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to SPOT's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by U.S. generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited.

- 1. Management's Discussion and Analysis
- 2. Schedule of SPOT's Share of Net Pension Liability
- 3. Schedule of SPOT's Contributions
- 4. Schedule of Revenues, Expenditures, and Changes in Fund Balances Budget and Actual All Governmental Fund Types

We have also been engaged to report on supplementary information other than RSI that accompanies SPOT's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America, and we will provide an opinion on it in relation to the financial statements as a whole, in a report combined with our auditor's report on the financial statements:

1. Statement of Revenues, Expenditures, and Changes in Fund Balances - by Department

Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and will include tests of the accounting records of SPOT and other procedures we consider necessary to enable us to express such opinions. We will issue a written report upon completion of our audit of SPOT's financial statements. Our report will be addressed to the Board of Commissioners of SPOT. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed opinions, we may decline to express opinions or issue reports, or may withdraw from this engagement.

We will also provide a report (that does not include an opinion) on internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements as required by *Government Auditing Standards*. The report on internal control and on compliance and other matters will include a paragraph that states (1) that the purpose of the report is solely to describe the scope of testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control on compliance, and (2) that the report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. The paragraph will also state that the report is not suitable for any other purpose. If during our audit we become aware that SPOT is subject to an audit requirement that is not encompassed in the terms of this engagement, we will communicate to management and those charged with governance that an audit in accordance with U.S. generally accepted auditing standards and the standards for financial audits contained in *Government Auditing Standards* may not satisfy the relevant legal, regulatory, or contractual requirements.

Audit Procedures - General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the government or to acts by management or employees acting on behalf of the government. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste and abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial

reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential. Our responsibility as auditors is limited to the period covered by our audit and does not extend to later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about your responsibilities for the financial statements; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by generally accepted auditing standards.

Audit Procedures - Internal Control

Our audit will include obtaining an understanding of the government and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards and *Government Auditing Standards*.

Audit Procedures-Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of SPOT's compliance with the provisions of applicable laws, regulations, contracts, agreements, and grants. However, the objective of our audit will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

Other Services

We will also provide the following services:

- 1. We will prepare a draft of your financial statements and related notes in conformity with U.S. generally accepted accounting principles based on information provided by you.
- 2. We will prepare a depreciation schedule based on the estimated useful lives that you have provided to us for your fund assets.
- 3. We will assist with GASB 68 adjustments based on information provided by PERSI and by you.

These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statement services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedure or take any action that could be construed as assuming management responsibilities.

You are also responsible for

providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions, for the report, and for the timing and format for providing that information.

You agree to assume all management responsibilities relating to the financial statements and related notes and any other nonaudit services we provide. You will be required to acknowledge in the management representation letter our assistance with preparation of the financial statements and related notes and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to oversee the nonaudit services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of those services; and accept responsibility for them.
